- Community Memorial Hospital
- This Is Hamilton, NY

**Approx. 4200 residents | Home to Colgate University | One of Forbes Magazine's 'friendliest towns in America'**
Dear Nurse Practitioner,

Choosing the right job is essential to job satisfaction and work-home balance. A job where we can focus on patient care, where our opinions are valued and where we feel that we have a voice in the process of change. A job with a work environment that values family time, professional and personal growth. I invite you to understand what it means to be a part of an organization that not only appreciates you, but understands you.

Community Memorial Hospital serves as the hub of a very important wheel, with its five Family Health Centers as the spokes. These multiple geographical locations offer a cohesive outpatient care team. Together, we all work to provide the best care for our patients from the 4 surrounding counties. We provide team-based care, and it works – as our stellar results prove.

In 2018, Community Memorial was named the only hospital in New York State to be awarded a 5-star rating for patient experience. Shortly after, we were also named the only 4-star overall rated hospital in the region. There is a reason that we are continuously recognized for our excellent patient care and services – we simply employ the best people. Our hundreds of employees work day in and day out to ensure that each patient and visitor we serve has the best experience they can.

You have my personal assurance, as a colleague and a member of the leadership team that I will do everything in my power to help you realize your career goals, as will the hospital leadership team, with its open-door policy. I am thankful each day to be surrounded by sharp, driven people who are dedicated to what they do. Community Memorial is essentially a group of rockstars in scrubs, and I encourage you to see what I mean.

So take a tour. Talk to our staff. Visit our town. And then...join a team that treats you as more than a number.

Regards,

Michael Walsh, DO
Chief Medical Officer

Benefits

By joining our team, you will enjoy working with a group of professionals dedicated to improving the health of our community, as well as the following:

- Loan Forgiveness
- 3 Weeks Vacation, Accumulated Sick Time
- CME expense
- CME days: 5 days per year
- Holidays: Memorial Day, 4th July, Labor Day, Thanksgiving, 1 and a half days for Christmas and 1 and a half for New Years.
- Malpractice, DEA and Licensure: Paid by the hospital
- Health & Dental Insurance
- Life Insurance Policy $100,000
- Clause and 90-day resignation policy
Community Memorial Hospital primarily serves a population of 45,000 people in 27 communities throughout Madison County and the eastern sections of Onondaga County, as well as parts of Chenango and Oneida Counties. The hospital and health centers are directed by an 18-member Board of Directors comprised of influential business, education and civic leaders. The medical staff includes highly trained physicians, physician assistants and nurse practitioners from a variety of specialty areas who appreciate the unique nature of rural practices.

Community Memorial Hospital employs nearly 400 people, and is a major economic force in Madison County. As a 25-bed critical-access hospital and a cornerstone of primary and specialty care in the region, Community Memorial Hospital is a safety net for the people of Central New York. Community Memorial Hospital is dedicated to treating all patients regardless of ability to pay.

**Community Memorial Hospital was the only hospital in New York State to be rated a 5-Star organization for patient satisfaction in 2018 by CMS (Medicare).**

*Community Memorial is a Crouse Health partner, who is an affiliate of Northwell Health.*

**Family Health Centers**

In partnership with Crouse Health Network, our ability to meet patients’ healthcare needs is greatly expanded and includes streamlined access to a broader scope of services than are locally available. Community Memorial has 5 Family Health Centers that provide primary care, located in Cazenovia, Hamilton, Morrisville, Munnsville and Waterville.

Our skilled medical teams provide all patients with the same care and attention we want for our families and ourselves. We work with patients to make sure their needs are respected. Maintaining high standards of quality and safety, we use Electronic Health Records and operate Quality Improvement Teams and a Patient Advisory Council to continually enhance the care we deliver. Our services go beyond our walls. We work with our many specialists and other providers in the community to make sure patients receive any further testing and attention necessary.

**Urgent Care**

Skilled medical care when you need it, our Urgent Care is located at 164 Broad Street in Hamilton, right next door to Community Memorial.

Urgent Care is a convenient alternative for people of all ages who need medical attention when their provider’s office is closed, they cannot get a same-day appointment with their provider, or they are visiting from out of town.

Urgent Care accepts patients on a walk-in basis, and no referrals are needed.

Recognizing the importance of coordinated care in providing the best evidence-based medicine for our patients, our Urgent Care is connected to and supported by Community Memorial Family Health Centers and Hospital.

Urgent care conditions evaluated and treated include:
